GAS

Chilton Co., Publishers, 198 So. Alvarado Street, Los Angeles 57, California

INDEX TO VOLUME XXXVIII

January Through December 1962

AUTHORS

Ager, M. W.—Hold-harmless agreements with third-party contractors ..... Feb. 51
Bresson, H.—Cavern storage of liquefied natural gas ..... Oct. 164
Caldwell, J. B.—Handling kilowatts from on-site gas turbine packages ..... April 77
Clark, Jim—Natural gas in Texas ..... Feb. 108
Clay, Robert—DowSmith introduces epoxy pipe.. Nov. 73
Clay, Robert—GAS' 10th annual plastics pipe survey ..... March 78
Clay, Robert—Remote registry ready for meter readers ..... Aug. 50
Clay, Robert—What will industry's share of production be in the 60's? ..... Jan. 64
Cornell, David—Oil recovery through gas storage in petroleum reservoirs
Part 1 ..... June 121
Part 2 ..... July 97
Deutsch, Irving—Gas Refresher Course
Part 7: Methods of Gas analysis ..... June 76
Part 8: Peak shaving ..... July 53
Part 9: Design and construction of mains and services ..... Aug. 56
Doulames, George—Progress report on new liquid sealant ..... April 74
Ebdon, J. Fred—A small treatise on entomology. July 110
Ebdon, J. Fred—Energy packages—natural gas-fired ..... April 59
Ebdon, J. Fred—How to kill free enterprise without many crying ..... June 85
Ebdon, J. Fred — New goings-on in Gasville, U.S.A. ..... Dec. 66
Ebdon, J. Fred—S.E.G. No. 1 ..... Aug. 47
Ebdon, J. Fred—Transwestern revisited ..... June 111
Ellison, Condee, and Loren Morrison—Centralized control of compressor, dehydration plant ... March 135
Felker, C. E., and J. P. Fris—Gas drying trimmer beds provide savings ..... Feb. 54
Fitzgerald, H. H.—Economics of underground natural gas storage ..... Feb. 66
Fris, J. P., and C. E. Felker—Gas drying trimmer beds provide savings ..... Feb. 54
Fugazzi, John F.—The use of cathodic protection ..... March 73
Gary, James F.—Profits from operations ..... July 43
Gilbert, Duane, and John M. Hassoldt—The electronic compu.. : A valuable tool for distribution design engineers ..... Sept. 79
Giles, Ginger—There are fair exhibits ..... June 64
Gilmore, Edward R.—The birth of a gas meter .. Sept. 73
Graczyk, D. A., W. M. Kauffmann and W. M. Metzger—Automation takes over turbocharged engine control ..... May 119
Gras, V. B.—A search for deeper gas reserves.. Sept. 107
Hammon, Stratton—Gas "explosions" ..... Feb. 62
Harper, William T.—A good neighbor in suburbia ..... Sept. 111
Harper, William T.—How EDP became a reality at Con Edison ..... Nov. 78
Harper, William T.—Industrial installations described at total energy concept conference..... Nov. 88
Harper, William T.—Presidential profile, John Heyke ..... Oct. 75
Hassoldt, John M., and Duane Gilbert—The electronic computer: A valuable tool for distribution design engineers ..... Sept. 79
Hedding, L. K.—Pushbutton control at Herscher ..... March 142
Hickman, Louis V.—Automation for natural gas.. July 50
Hoag, Lyle N.—Palo Alto's three-weapon attack reduces gas losses ..... April 64
Hoover, Herbert M.—Designing and constructing a peak-shaving plant ..... Oct. 103
Jechel, K. W.—Load duration curves ..... June 70
Jorgensen, Earl M.—Industry's largest plastics pipe user sets up standards ..... March 84
Jorgensen, Earl M.—Keeping large regulators operating satisfactorily at reasonable costs.... Feb. 59
Kauffmann, W. M., D. A. Graczyk and M. M. Metzger—Automation takes over turbocharged engine control ..... May 119
Kauffmann, W. M. — New constant pressure turbocharging system ..... Nov. 103
Kish, George D.—Testing and evaluating coatings for underground service
Part 1 ..... April 70
Part 2 ..... May 84
Kridner, Ken—A look at the safety program of Texas Eastern ..... April 113
Kridner, Ken—Infra-red used to heat field meter houses ..... July 95
Kridner, Ken—Instrument testing program aids measurement operations ..... Jan. 109
Kridner, Ken—Outdoor electric stations ..... March 144
Kridner, Ken—Split-stream testing ..... March 139
Kridner, Ken—TET automates its Longview station ..... Feb. 111
Kridner, Ken — Transwestern — An automated system ..... Feb. 101
Kroeger, Carroll V.—Distribution maintenance: A selected critique
Part 3 ..... Jan. 55
Landon, W. A.—Pipeline inspectors go to school.. May 88
Long, F. Vinton—Digitally controlled compressor stations ..... Nov. 116
Long, F. Vinton—High-speed tele-control
Part 1 ..... May 131
Part 2 ..... June 123
Long, Paul E.—Pulse echo ultrasonic circumferential weld inspection ..... Oct. 155
Luxon, Thelma — Little Brother supplies Big Brother ..... July 58

Oss, Cal—Plastics pipe user report ..... March 92
Palm, D. C.—System flexibility ..... Oct. 160
Palmer, Nigel T.—Fuel cell progress report .... Dec. 54
Parker, Marshall—What should the corrosion engineer expect from management? ..... March 70
Patterson, M. Kingsley—One distribution company's approach to research ..... Nov. 59
Regeimbal, Neil—The Federal Power Commission
Part 1 ..... Sept. 57
Part 2 ..... Oct. 84
Part 3 ..... Nov. 126
Reps, Edward A.—Keeping large regulators operating satisfactorily at reasonable costs..... Feb. 58
Reschke, A. H.—Solving hydrate problems in a storage field ..... Jan. 70
Rhyne, P. L.—ONG jets in a river crossing ..... May 81
Richards, J. Randolph—Pulse echo ultrasonic circumferential weld inspection ..... Oct. 157
Salzenstein, Marvin A.—Gas explosions ..... July 47
Schreiner, William J.—Purging storage caverns.. June 61
Sharp, James M.—Non-destructive pipe testing.. May 129
Silvestrone, Mario—Gas used for critical fusing of glass to steel ..... Dec. 63
Sterrett, Elton—Coal pipelines may complement gas lines ..... Feb. 71
Sterrett, Elton—Measuring buried pipe well..... Dec. 105
Sterrett, Elton—TET puts two turbines outside.. Dec. 95
Stoll, Linus—Cathodic protection with a thermoelectric generator ..... Sept. 65
Symon, R. B.—Positive displacement gas meter in oil field service ..... Jan. 103
Tenney, Charles M., Jr.—Extended cold spells used to calculate propane storage ..... Feb. 64
Thompson, J. Arthur—Two-mile high pipeline .. Dec. 101
Todd, Raymond W.—Progress in gas storage.... May 73
Weber, Larry R.—Monitoring 60 large customers.. Oct. 90
White, L. Forrest—Control of a natural gas distribution system by automation ..... Dec. 47
Willis, B. Marshall—From wellhead to mainline.. Jan. 97
Wimer, W. F.—The engineer's role in corporate public relations ..... Oct. 109

DISTRIBUTION

Automation for natural gas—By Louis V. Hickman ..... July 50
Casing and cementing wells in the Terra Alta field—By H. C. Mefford ..... Jan. 66
Cathodic protection with a thermoelectric generator—By Linus Stoll ..... Sept. 65
Cincinnati microfilms customer data ..... June 68
Control of a natural gas distribution system by automation—By L. Forrest White ..... Dec. 47
Decade of plastics pipe experience, A—By M. Eugene Malone ..... Aug. 61
Designing and constructing a peak-shaving plant —By Herbert M. Hoover ..... Oct. 103
Distribution maintenance: A selected critique—Part 3—By Carroll V. Kroeger ..... Jan. 55
DowSmith introduces epoxy pipe—By Robert Clay ..... Nov. 73
Electronic computer: A valuable tool for distribution design engineers—By John M. Hassoldt and Duane Gilbert ..... Sept. 79
Gas drying trimmer beds provide savings—By C. E. Felker and J. P. Fris ..... Feb. 54
Good neighbor in suburbia—By William Harper. Sept. 111
How citizens removes deposits from gas mains.. Sept. 70
How EDP became a reality at Con Edison—By William T. Harper ..... Nov. 78
Keeping large regulators operating satisfactorily at reasonable costs—By Edward A. Reps, W. C. Messinger, Earl M. Jorgensen, and Edward Niederer, Jr. ..... Feb. 58
Laclede updates dispatching with analog computing and digital logging ..... Nov. 68
Little Brother supplies Big Brother—By Thelma Luxon ..... July 58
Load duration curves—By K. W. Jechel ..... June 70
Meeting peak demands—By D. S. Martin ..... Oct. 94
Monitoring 60 large customers—By Larry R. Weber ..... Oct. 90
One distribution company's approach to research —By M. Kingsley Patterson ..... Nov. 59
ONG jets in a river crossing—By P. L. Rhyne... May 81
Palo Alto's three-weapon attack reduces gas losses—By Lyle N. Hoag ..... April 64
Pipeline inspectors go to school—By W. A. Landon ..... May 88
Power company load levels peaks—By Andrew B. McCurdy ..... Dec. 59

Plastics Pipe and Corrosion Prevention Issue

Du Pont's Delrin debuts ..... March 93
GAS' first plastics manufacturers' survey ... March 99
GAS' tenth annual plastics pipe survey—By Robert Clay ..... March 78
Industry's largest user sets up standards—By Earl M. Jorgensen ..... March 84
Plastics pipe user report No. 1 ..... March 82
Plastics pipe user report No. 2 ..... March 83
Plastics pipe user report No. 3—By Cal Oss.. March 92
Plastics pipe user report No. 4—By Geoffrey Matthews ..... March 102
Use of Cathodic protection—By John F. Fugazzi ..... March 73
What should corrosion engineer expect from management?—By Marshall Parker ..... March 70
Progress report on new liquid sealant—By George Doulames ..... April 74
Pulse echo ultrasonic circumferential weld inspection—By Paul E. Long ..... Oct. 155
Pulse echo ultrasonic circumferential weld inspection—By J. Randolph Richards ..... Oct. 157
Purging storage caverns—By William J. Schreiner ..... June 61
Remote registry ready for meter readers—By Robert Clay ..... Aug. 50
Solving hydrate problems in a storage field—By A. H. Reschke ..... Jan. 70
Use of cathodic protection, the—By John F. Fugazzi ..... March 73
What should the corrosion engineer expect from management?—By Marshall E. Parker ..... March 70

EDITORIAL COMMENT

Communications—Tele-Control, by F. Vinton Long

Brand new world ..... Jan. 117
Call for improved mobile communications ..... Feb. 123
Electric interference to solid state tele-control systems ..... Aug. 131
Error-resistant telemetry ..... April 133
Hiding our heads in a basket (2nd edition) .... July 115
Japanese microwave ..... Dec. 111

Let's look at process plants ..... Nov. 123
Microwave noise ..... Sept. 179
Pipeline telemetering ..... March 149
Precision gauges for tele-control ..... June 133
Tele-control line specifications ..... May 145
2000-megacycle black boxes ..... Sept. 128

Corrosion Prevention, by Marshall E. Parker

A little can be worse than none! ..... Jan. 20
Beware the expert ..... March 27
Can corrosion protection be guaranteed? ..... April 19
Danger—code in operation ..... July 19
It won't work ..... Feb. 23
Remote electrode—again ..... Sept. 27
See the whole elephant! ..... Nov. 19
Soil resistivity categories ..... Sept. 23
The other side ..... Dec. 19
Use your head—and his, too! ..... Aug. 19
Weeds, noise, and dirt ..... May 25
What to do about shorted casings ..... June 19

Measurement—Automation—Control, by Ken Kridner

Can we afford to, or can we afford not to ..... Aug. 127
Don't knock it if you haven't tried it ..... June 131
Integrated inking system ..... May 143
Let's build a better mousetrap ..... March 147
Meterman of today—and the measurement short course ..... Feb. 120
MEUAC—and the gas dispatcher ..... April 131
9, 8, 7, 6, 5, 4, 3, 2, 1—Meuac in orbit ..... July 113
Some thoughts for 1962 ..... Jan. 115

Measurement—Instrumentation—Control

A place for plastics ..... Nov. 121
Needed: A metering valve ..... Oct. 174
The bounding world of ultrasonics ..... Dec. 113
What's wrong with mercury meters? ..... Sept. 117

Regulatory Trends

CATCO rides again ..... April 11
Consumers need more freedom and less protection ..... June 11
Depreciation, depletion and drilling ..... Jan. 11
Fair income tax allowance wins ..... July 11
FPC accelerates ..... Sept. 11
FPC can be pragmatic ..... Feb. 11
FPC lowered the ceiling in Texas ..... Nov. 11
National fuels and energy ..... Dec. 11
Omen for gas rate cases ..... Aug. 11
Purchase of gas underground blocked ..... March 11
Purchase of gas in place has major risk ..... Oct. 11
Rate-making zeal ..... May 11

Technical Trends, by Guy Corfield

ASA 1962 catalog ..... July 15
Chemtronics and bionics ..... April 15
Direct conversion of fuel to electricity: the state of the art ..... June 15
Directing governmental R&D ..... Dec. 15
Fuel competition remains keen ..... Nov. 15
Greaseless frying pan ..... Jan. 15
Hydrogen still important to gas industry ..... Dec. 15
Identifying fire causes ..... March 23
Improved use of coal from slurry pipeline ..... April 15
Information storage and retrieval ..... Feb. 15
IGT to certify reference fuel gases ..... July 15
Masers and lasers ..... Oct. 19
New high-temperature alloy ..... Oct. 19
New piezoelectric materials and uses ..... March 23
Oil (and gas) is where you find it ..... Aug. 15
Outlook for nuclear power as vague as ever ..... Feb. 15
Researchers not yet positive of the health value of negative ions ..... Jan. 15
Silicone fluids for high temperature service ..... July 15
Static electricity ..... May 23
Superconductive magnets ..... Sept. 20
Technical education ..... Aug. 15
Transport by pipeline ..... Nov. 15
Ultra high vacuum ..... May 23
Underground steam power ..... Aug. 15

Thermally Thinking, by J. Fred Ebdon

An apple in the industry's eye ..... May 6
Balzac and bureaus ..... Sept. 6
88th and depletion ..... Nov. 6
Gasmen's rocks and shoals ..... Jan. 6
Marketing concept, The ..... Oct. 6
Matt Dillon and land mobile spectrum expansion ..... Dec. 6
Nuts, isms, and double-standards ..... Aug. 6
Ode to a cankerous economy ..... July 6
Ode to an air-travel card ..... June 6
Running a swab on FPC ..... March 6
Seeds and rocks and P/R ..... April 6
State PUC: A driving force ..... Feb. 6

Washington, by Neil Regeimbal

Administration boosts public power, coal ..... Feb. 74
"Big Brotherism" characterizes FPC ..... May 17
California market battle keeps FPC busy ..... June 17
Coal for gas under boilers ..... April 152
Confusion reigns in SoCal market fight ..... Aug. 98
Control from wellhead to burner tip ..... March 17
Cuban crisis and the gas industry ..... Dec. 17
Deep-rooted change ..... Jan. 132
Department of Justice eyes FPC ..... Sept. 25
Electric power ..... March 20
FPC chopping producer prices ..... Nov. 17
FPC not happy ..... Sept. 21
FPC will get what it wants from Congress ..... April 17
High Court traffic ..... Feb. 74
Hollow-sounding 'Happy New Year' ..... Jan. 17
How much control does FPC have? ..... Feb. 21
Impact of merger ruling begins ..... July 17
Industry in court ..... Dec. 17
Lull before the storm ..... Oct. 21
Natural Gas Bureau becoming keystone ..... Aug. 17
New depreciation rules ..... Sept. 37
A new headache ..... Sept. 40
New philosophy of government-business relations ..... June 106
Production may go ..... Dec. 78
PR paying off for coal industry ..... May 20
Tax credit for capital investment ..... April 156

GENERAL ARTICLES

Atlantic City has everything ..... Oct. 81
Birth of a gas meter, The—By Edward R. Gilmore ..... Sept. 73
Cavern storage of liquefied natural gas—By H. Bresson ..... Oct. 164
Coal pipelines may complement gas lines—By Elton Sterrett ..... Feb. 71
Communism is a snare ..... July 62
DowSmith introduces epoxy pipe—By Robert Clay ..... Nov. 73
DuPont's Delrin debuts ..... March 93
Energy packages—natural gas-fired—By J. Fred Ebdon ..... April 59
Federal Power Commission, The—By Neil Regeimbal
Part 1 ..... Sept. 57
Part 2 ..... Oct. 84
Part 3 ..... Nov. 126
GAS' 1st plastics manufacturer survey ..... March 99
Gas Refresher Course—By Irving Deutsch
Part 7: Methods of Gas Analysis ..... June 76
Part 8: Peak shaving ..... July 53
Part 9: Design and construction of mains and services ..... Aug. 56
GAS' 10th annual plastics pipe survey — By Robert Clay ..... March 78
Handling kilowatts from on-site gas turbine packages—By J. B. Caldwell ..... April 77

How to kill free enterprise without many crying —By J. Fred Ebdon ..... June 85
Industrial installations described at total energy concept conference—By William T. Harper.... Nov. 88
Natural gas in Texas—By Jim Clark ..... Feb. 108
New goings-on in Gasville, U.S.A.—By J. Fred Ebdon ..... Dec. 66
1962 expenditures to hit at least $1.47 billion.... May 69
Presidential Profile, John Heyke—By William T. Harper ..... Oct. 75
Progress in gas storage—By Raymond W. Todd.. May 73
S.E.G. No. 1—By J. Fred Ebdon ..... Aug. 47
Search for Deeper Gas Reserves, A—By V. B. Gras ..... Sept. 107
Small treatise on entomology—By J. Fred Ebdon ..... July 110
Testing and evaluating coatings for underground service—By George D. Kish
Part 1 ..... April 70
Part 2 ..... May 84

MANAGEMENT

A look at the safety program of Texas Eastern —By Ken Kridner ..... April 113
Distribution maintenance: A selected critique— By Carroll V. Kroeger
Part 3 ..... Jan. 55
Economics of underground natural gas storage— By H. H. Fitzgerald ..... Feb. 66
Engineer's role in corporate public relations, The —By W. F. Wimer ..... Oct. 109
Extended cold spells used to calculate propane storage—By Charles M. Tenney, Jr. ..... Feb. 64
Gas explosions—By Marvin A. Salzenstein ..... July 47
Gas "explosions"—By Stratton Hammon ..... Feb. 62
Hold-harmless agreements with third-party contractors—By M. W. Ager ..... Feb. 51
How EDP became a reality at Con Edison—By William T. Harper ..... Nov. 78
Montana-Dakota Utilities hires free enterprise speaker ..... Nov. 90
One distribution company's approach to research —By M. Kingsley Patterson ..... Nov. 59
Pipeline inspectors go to school—By W. A. Landon ..... May 88
Profits from operations—By James F. Gary ..... July 43
Progress in gas storage—By Raymond W. Todd.. May 73
What should the corrosion engineer expect from management?—By Marshall Parker ..... March 70
What will industry's share of production be in the 60's?—By Robert Clay ..... Jan. 64
Where do we go from here?—By Johnny Mitchell ..... Jan. 61

NEWS DEVELOPMENTS

Gas Co. Revenues hit $4.6 billion in '61 ..... Nov. 142
Gas turbine conference attracts 1000 ..... May 138
Launch joint study of substitute natural gas ... June 84
LNG Panel Sparks Production Conference—By William T. Harper ..... Aug. 69
Municipal gas utilities form association ..... Sept. 82
New method finds operating stresses in buried line ..... Sept. 95
Underground storage tops 3 trillion cu ft ..... June 82

SALES, SERVICE, UTILIZATION

Fuel cell progress report—By Nigel T. Palmer... Dec. 54
Gas burners control temperature within 1 degree. Aug. 66
Gas used for critical fusing of glass to steel—By Mario Silvestrone ..... Dec. 63
Power company load levels peaks—By Andrew B. McCurdy ..... Dec. 59
There are fair exhibits—By Ginger Giles..... June 64

TRANSMISSION

A look at the safety program of Texas Eastern —By Ken Kridner ..... April 113
Automation for natural gas—By Louis V. Hickman ..... July 50
Automation takes over turbocharged engine control—By W. M. Kauffmann, D. A. Graczyk, and M. M. Metzger ..... May 119
Binary cycle gas-fired turbines—By A. W. McAnneny ..... April 119
Casing and cementing wells in the Terra Alta field—By H. C. Mefford ..... Jan. 66
Centralized control of compressor, dehydration plant—By Condee Ellison and Loren Morrison ..... March 135
Chart scanner and computer passes industry tests ..... July 108
CIG engineers learn to dictate ..... July 103
Digitally controlled compressor stations—By F. Vinton Long ..... Nov. 116
From wellhead to mainline—by B. Marshall Willis ..... Jan. 97
Fuel cell to power compressor station equipment. Aug. 120
Gas turbine generator set developed ..... June 119
Good neighbor in suburbia, A—By William T. Harper ..... Sept. 111
High-speed tele-control—By F. Vinton Long
Part 1 ..... May 131
Part 2 ..... June 123
Infra-red used to heat field meter houses—By Ken Kridner ..... July 95
Instrument testing program aids measurement operations—By Ken Kridner ..... Jan. 109
Magic cold ..... Aug. 124
Measuring buried pipe wall—By Elton Sterrett.. Dec. 105
Microwave system linking Columbia Gas System ..... April 128
Natural gas enters northern Nevada ..... Dec. 108
Natural gas in Texas—By Jim Clark ..... Feb. 108
New Constant Pressure Turbocharging System— By Kauffmann, W. M. ..... Nov. 103
New line serves Minnesota mining area ..... Feb. 124
New pipe guide protects coating ..... June 120
Non-destructive pipe testing—By James M. Sharp ..... May 129
Northern plans for survival ..... Sept. 110
Oil recovery through gas storage in petroleum reservoirs—By David Cornell
Part 1 ..... June 121
Part 2 ..... July 97
Outdoor electric stations—By Ken Kridner ... March 144
Positive displacement gas meter in oil-field service—By R. B. Symon ..... Jan. 103
Pre-assembly proved practical, economical for giant mainline gate valves ..... Nov. 110
Pulse echo ultrasonic circumferential weld inspection—By Paul E. Long ..... Oct. 155
Pulse echo ultrasonic circumferential weld inspection—By J. Randolph Richards ..... Oct. 157
Pushbutton control at Herscher—By L. K. Hedding ..... March 142
Search for deeper gas reserves, A—By V. B. Gras ..... Sept. 107
Split-stream testing—By Ken Kridner ..... March 139
System flexibility—By D. C. Palm ..... Oct. 160
TET automates its Longview station—By Ken Kridner ..... Feb. 111
TET puts two turbines outside — By Elton Sterrett ..... Dec. 95
TGT spans the Ohio ..... July 106
Transwestern—An automated system—By Ken Kridner ..... Feb. 101
Transwestern revisited—By J. Fred Ebdon ..... June 111
Two-mile high pipeline—By J. Arthur Thompson. Dec. 101
